

# DERBIBASE ULTRA

## MATERIALS & RESOURCES

### Recycled Content

(MRc3)

DERBIBASE Ultra is manufactured using recycled material. The percentage of recycled material is calculated by individual roll weight. Recycled content = (post-consumer + 1/2 pre-consumer)

RECYCLED CONTENT	POST-CONSUMER WEIGHT	PRE-CONSUMER WEIGHT
1.6 %	0 %	3.25 %

### Regional Materials

(MRc3)

If the location of the project is within 100 miles of the manufacturing site, LEED credit may apply.

MANUFACTURER	LOCATION
Performance Roof Systems	Kansas City, MO 64130

### Building Product Disclosure and Optimization

(MRc2)

Environmental Product Data (EPD) and Health Product Declaration (HPD) sheets are available on our website at [www.performanceroofsystems.us](http://www.performanceroofsystems.us).

*DISCLAIMER: All LEED rating point references are based on suggested applications of Performance Roof Systems products. LEED applicants should use their own objective determinations of product attributes for certification purposes.*
