

SENTINEL[®] PVC

FLASH SMARTER

Prefabricated flashing accessories specially designed for SENTINEL[®] PVC roofing systems deliver unmatched performance and superior waterproofing protection.

QUALITY CRAFTSMANSHIP: Fabricated in a controlled factory environment, SENTINEL's prefabricated accessories are welded for the highest quality. This meticulous attention to detail creates more reliable seams and superior leak protection for your roofs most vulnerable areas.

PRODUCTIVITY BOOSTER: Compared to conventional flashing methods, prefabricated flashings can dramatically decrease the time spent on a job site. Eliminating the need to customize flashing on site, this allows crews to work more efficiently and get more work done in the same amount of time.

LABOR SAVER: One of the biggest problems facing roofing contractors today is the shortage of skilled labor. By decreasing the amount of time and labor necessary to complete flashing details, prefabricated accessories provide contractors benefit from greater productivity and the ability to get more work done without additional labor.

APPLICATION ADVANTAGES: Like the old saying goes, "time is money," SENTINEL's prefabricated accessories are fast and easy to install, cutting installation time in half. Ultimately this means less time spent on the roof results in fewer call backs, less waste and reduced labor costs.

PERFORMANCE: Made from our 60-mil SENTINEL[®] P150 membrane to fit a building's unique requirements. Prefabricated and custom flashings not only enhance the aesthetics of your roof but add lasting durability to a roofing system's long-term performance.

DETAILS MAKE ALL THE DIFFERENCE

A roofing system can only perform as well as its' edge details, drainage and other system components. SENTINEL® PVC prefabricated accessories improve rooftop productivity while providing a peace-of-mind watertight installation. Performance Roof Systems offers a full line of prefabricated and custom flashing accessories including cones, corners, drains, pipe wraps, pitch pans, square wraps and ventilation flashings.

CUSTOM CAPABILITIES

Any size, any shape, we can seal it. Performance Roof Systems offers made-to-order accessories that accommodate difficult and unique rooftop penetrations. Measure it, snap a photo and we'll make it, it's just that simple. Contact us at 1-800-727-9872 to discuss your custom needs.
