

SENTINEL[®] CUT EDGE SEALANT

UV stable polymeric sealant

DESCRIPTION

SENTINEL[®] Cut Edge Sealant is a translucent, UV stable polymeric sealant that is designed to seal all non-factory, cut edges of SENTINEL[®] PVC membranes against moisture wicking. SENTINEL[®] Cut Edge Sealant is packaged in squeezable bottles for ease of use.

PRODUCT INFORMATION*

PRODUCT #	COLOR	PACKAGING	QUANTITY
A201	Clear	12 oz. cartridge	12 cartridges/box

* All values shown are nominal and subject to normal manufacturing tolerances.

APPLICATION

All non-factory cut edges that are to be sealed with SENTINEL[®] Cut Edge Sealant must be dry, clean and free from oils and dirt. Depending on the ambient conditions the sealant will be tack-free and watertight in approximately 2 hours. SENTINEL[®] Cut Edge Sealant can be expected to fully cure in 12-24 hours. SENTINEL[®] Cut Edge Sealant is not intended or required for vertical applications.

STORAGE & HANDLING

All materials must be stored in a dry place, out of direct exposure to the elements. Product should be stored at temperatures between 60 - 80°F and out of direct sunlight.
