

DERBIGUM COUNTER FLASHING

DESCRIPTION

Designed for parapet walls to provide a clean, professional edge, counter flashing delivers waterproof protection for vertical terminations. Performance Roof Systems offers a variety of 1-piece and 2-piece versions to meet any project needs.

PRODUCT SELECTION

DERBIGUM 1 Piece Counter Flashing is available in two versions: Surface Mounted and Reglet. This one-piece design is a great option when a receiver or joint reglet is not required.

DERBIGUM 2 Piece Counter Flashing is available in three versions: Surface Mounted, Reglet and Thru-wall. The two-piece design is easily installed by hooking and rotating the flashing to snap into the receiver and can be taken apart for easy roof repairs.
