

DERBIGUM PERMA-TITE COPING

DESCRIPTION

DERBIGUM PERMA-TITE Coping is the perfect solution for parapet conditions where the slope must be created. It has a full snap-on design with 20-gauge, galvanized steel anchor clips and factory-applied stainless steel springs that ensure long-term positive attachment, bringing extra stability to the roof edge system. In addition, the snap-on design facilitates fast and easy installation. DERBIGUM PERMA-TITE Coping is custom fabricated in sizes to meet specific job requirements.

FEATURES & BENEFITS

- ▶ Shipped as a complete system with cleats, splice plates and fasteners included.
- ▶ Available in 24 ga steel, .040", .050" and .063" aluminum.
- ▶ 8 inch wide concealed splice plates with dual non-curling isocryl butyl sealant strips seals all joints and allow for thermal movement of materials.
- ▶ Manufactured in 12 foot lengths with pre-punched fastening holes for precise fastener placement .
- ▶ MIAMI-DADE approved to comply with the High Velocity Hurricane Zone of the Florida Building Code.
- ▶ Carefully designed and tested in accordance with ANSI/SPRI/FM-4435/ES-1 Standard for Sustained Wind Speeds per the International Building Code.
