

# SENTINEL® PVC P150 Drains

High-quality, Prefabricated and Custom PVC Flashing details

## DESCRIPTION

Proper roof drainage is critical to the long-term performance of any commercial roofing system. Our hand-welded, high quality drop scuppers and commercial roof drains are designed to carry water off the rooftop while protecting the roof from water infiltration.

## PRODUCTS

**Drop Scupper:** Manufactured to fit 2" and 3" existing pipe sizes,; welded by hand for extra durability and subject to the same rigorous quality control check as all of our other flashings.

**Commercial Drain Kit:** Manufactured to fit 3" and 4" existing pipe sizes, drain kit includes heavy duty ABS Dome Strainer, stainless steel clamping ring and two O-Rings to prevent back-flow.
