DERBIFLASH RS PRE-CUT FLEECE

DESCRIPTION

Derbiflash RS Pre-Cut Fleece are polyester fleece reinforcements that are pre-cut to fit typical roof top details and penetrations. Convenient and ready to install, pre-cut fleece kits are designed to improve roof-top productivity while reducing product waste. Derbiflash RS Pre-Cut Fleece kits are available for small and large pipe penetrations and corner installation.

PRODUCT SELECTION

Small Pipe Kit: are pre-cut fleece kits designed for use on pipe penetrations with a diameter between $1/2$ to 3 inches. Each kits includes 3 pre-cut pieces: 2 base pieces (10.5 inches x 19 inches) and 1 pipe skirt (11 inches x 12 inches).

Large Pipe Kit: are pre-cut fleece kits designed for use on pipe penetrations with a diameter between 4 to 8 inches. each kits comes with 3 pre-cut pieces: 2 base pieces (13 inches x 24 inches) and 1 pipe skirt (11 inches x 12 inches).

Universal Corner: are pre-cut 6 inch square pieces designed to work for both inside and outside corner applications.

STROAGE

When not in use, store fleece in a sealed wrap or container to protect from contaminants. Fleece is specifically designed to absorb liquid membrane components. Exposure to moisture (rain, condensation, high humidity, etc.) dust, dirt and debris will compromise and may cause failure of the finished application. Contaminated fleece MUST be disposed of and replaced.

PRODUCT SPECIFICATIONS

APPLICATION	PRODUCT #	KITS/BOX
Small Pipe Kit	000000	10
Large Pipe Kit	000000	10
Universal Corner	000000	20

TYPICAL PROPERTIES

PROPERTY	VALUE
